GREAT ROAD

S. P. Stock Advances and in Demand.

Gould and Rockefeller May Be the Ones Forcing the Price Upward.

Figures on the Rise of Two Pacifics Show That the Demand Is Heavy. but Not Warranted by Results.

rn Pacific is steadily souring on the New York exchange. This leads to the belief that the same interests that recently fought their way into Union Pacific are now after Southern Pacific. It was told yesterday how for the five days of the eek 146,160 shares of Southern had been transferred. The total now is 231,660 shares, yesterday's movement being very heavy. On the opening of the month it was away down to \$57 per share. but yesterday it sold up to \$63, a gain of \$6 per share in fifteen days. Somebody stands to make a fortune in

this gain. The question as to the purchaser is not hard to guess. The Gould and Standard Oil people are forcing the price up just as they did Union Pacific. The latter stock was at the high-water mark of \$107.75 yesterday, which goes to show that those who sold it at an even \$100 the day the transfer stock books closed are trying to regain control at a terrific loss.

Recent developments reveal the fact that the much-talked-of Union Pacific ownership of Short Line and Southern Pacific is all right from an operating and traffic standpoint in the Harriman offices, but the stock in these two important factors is held by different people and is not vested in the Union Pacific. It is therefore important for the Gould-Standard Oil crowd to get a leverage in Short Line and Southern Pacific direct to ac-complish their control of the Ogden gate-It is highly significant that Southern

It is highly significant that Southern Pacific at inflated prices yesterday headed the list of total shares sold and this in the face of the fact that their dividend and earning power do not warrant any such demand. The next meeting of the Southern Pacific will show that its ownership has considerably changed.

Railroad Notes. The Wabash has through car arrange-ments with the West Shore railroad be-tween Bisfalo and New York City, thus giving Gould a line into the metropolis. The annual meeting of the Wabash the other day resulted in the re-election of the Gould board. A \$50,000 station is to be built in Toledo. President Ramsey states that the Wheeling & Lake Erie is now controlled by the Wabash, but the Ann Arbor is not although it is held by friendly interests.

The name of James H. Hyde appears in the new Wabash directory. This would sem to indicate a Gould friendship. Edwin Hawley is buying into Missouri, Kansas & Texas. As this is a Standard Oil road, it is a further indication of a coalition between the new stars in the railroad firmament-Gould, Hawley and

Ernest Sadler, a rising young railroad hustler, has resigned from his position with the Colorado Midland and, with Frank Lawrence, will leave for San Fran-cisco on November 6 to reside perma-nently.

L. F. Lores will go into the Vanderbilt service, it is said, in Chicago. George Gould and E. T. Jeffery were still in St. Louis Friday. Although the St. Louis Globe-Democrat carried the Oregon Short Line surprise and Mr. Gould was in St. Louis the same day, the paper contained nothing relative to the new deal.

The Oregon Short Line stock is not on the New York stock exchange, so no pub-lic sales are recorded.
